Online Application System

Total Online

Online Application System

Farmer Vs Agent 2017

Advantages of Online

- **Fewer Errors – no omissions**
- **More accurate capture of Land details**
- **Built in warnings**
- **Electronic Mapping**
- **Accurately view, edit or measure parcels/exclusions**
- **View detailed payments online**
- **Respond to Errors instantly**
- **View Correspondence or Previous years applications**

Preliminary checks

- Exclusive to online applicants
- Involves pre-checking of aid applications to identify Over Claims/Dual Claims/Overlaps
- Applicants given opportunity to amend application without penalty within a specific timeframe
- All correspondence/replies happen online – no hard copy notifications!

GSAA Challenges

1. Applicant age
2. Broadband access
3. Not traditional
4. Knowledge

2. LPIS Reference Parcel System

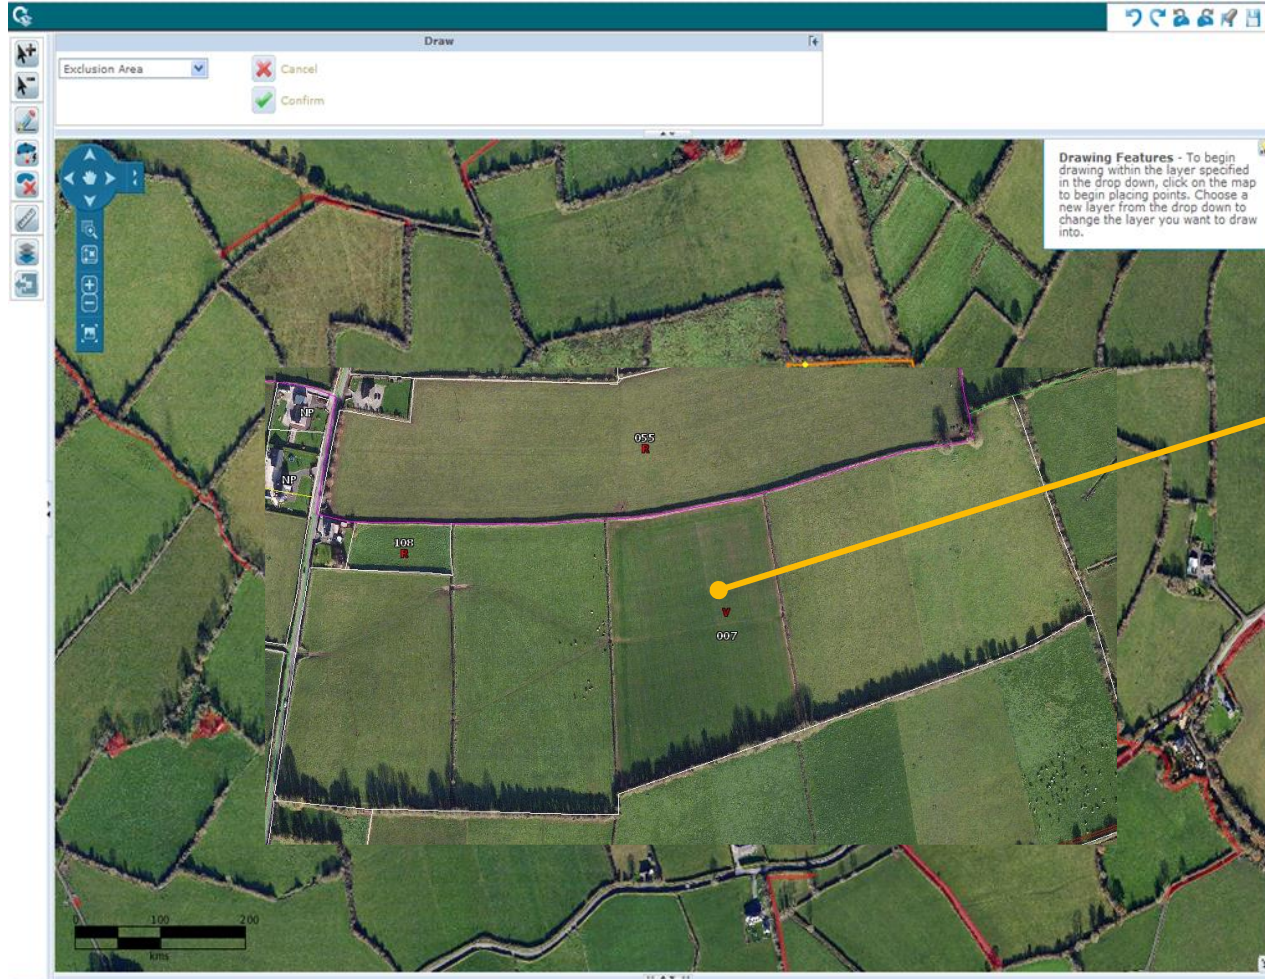

- Reference Parcels - c. 1.3 million
 - (1 m eligible for payment)
- Exclusion Layer - c. 1.7 million exclusions
- Applicants - c.130,000 in 2018

LPIS Implementation

- Farmers Block by definition
- Typically one agricultural parcel per reference parcel
- Typically multiple “fields” within the reference parcel. Divisions indicated by hedgerows, permanent grassland dominant crop.

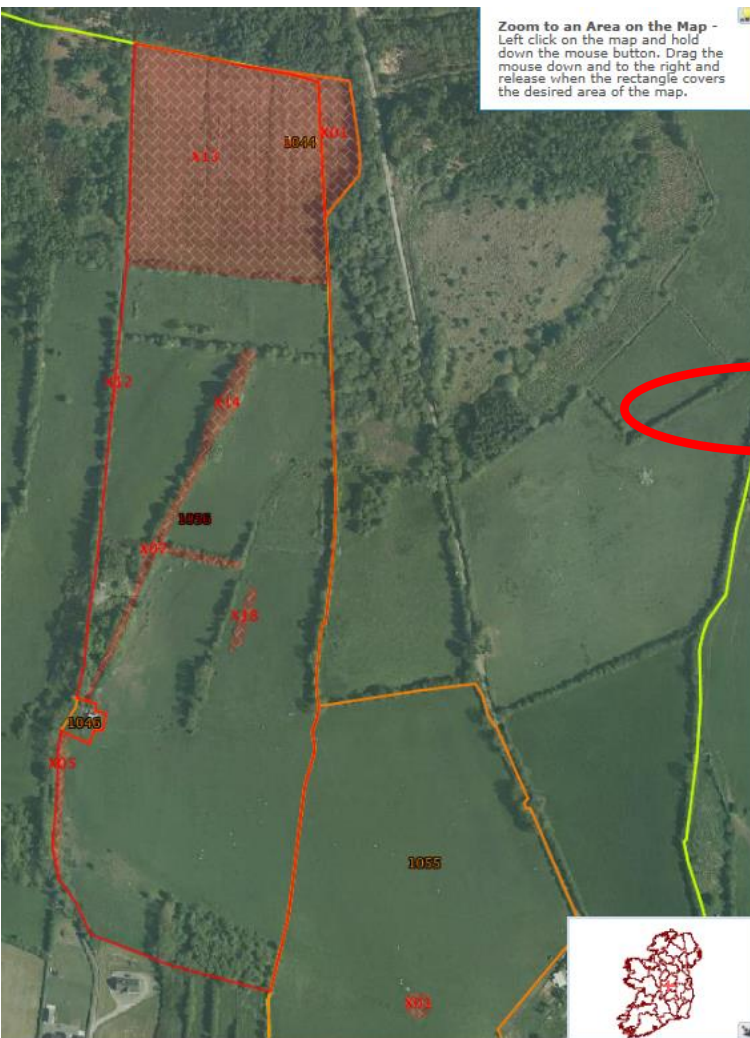

LPIS Reference Parcel System
