

# 2008 MARS Annual Conference

Geomatics in Support of  
the CAP

Closing Remarks

- Context
- Land Parcel Identification
- Image Providers Meeting
- Review 2008 Campaign
- New Sensors, Potential Applications
- On-the-spot checks 2009 preparation
- Image Processing, Data Serving
- Guidance on Area checks 2009
- Farm Advisory System
- Cross Compliance
- New Radar Sensor
- Geodatabase updating

- CAP rules are now fixed up to 2013
- Importance of LPIS Quality Plan and INSPIRE
- Increased diversity of imagery and public tools
- VHR Imagery non availability could force us to go for aerial imagery
- Area checks: Eligibility and GPS/sensors validation to document

- Cross Compliance CwRS: open opportunity window
- MS would welcome EC Quality Assurance procedures
- Success relied on confidence and integrated tasks of Service Companies, Image/Equipment Providers, MS Administration and European Commission
