

TOPIC Teaser: farmers & Paying Agencies: from control to cooperation

SPEAKER Erikas Bèrontas (LT)

ORGANIZATION National Paying Agency under the Ministry of Agriculture of the Republic of Lithuania

Presentation will bring forward the idea of changing the Common Agricultural Policy concept – moving from coordination to cooperation.

Firstly, a detailed current scheme of administering area-based measures will be presented. Erikas Bèrontas will briefly describe agricultural activities carried out by farmers, Agency 's steps in administering the support and interrelated touchpoints of these steps. Presentation will also cover the topic of international projects and their importance for future developments. Finally, vision of “support without application” scheme, the main idea of which is that farmers should spend their time on their core activity – farming, and the agency should carry out all the bureaucratic work for them, will be presented.
